

Knollwood Village Civic Club

Resident's General Meeting Agenda
Wednesday, September 25th, 2019 6:30p
Linkwood Park Community Center

Guest Speaker:

State Representative Sarah Davis – Representative Davis had to unfortunately cancel due to a family emergency. She was planning to review the upcoming propositions that will be on the ballot this fall. Her office did provide a high level document that we can share with the residents.

- 1) Call Meeting to Order at 6:35p
- 2) Introductions of present board/committee members
 - a. Michael Doyle (VP)
 - b. Laura Ferro (Treasurer)
 - c. David Wood (Security)
 - d. Joe Powers (ACC)
 - e. Sara Munson (Social)
 - f. Grant Heemer (board member)
 - g. Scott Rose (President)
- 3) Approve last Resident meeting minutes
 - a. Approved by Michael Doyle
 - b. Seconded by Laura Ferro
- 4) Social
 - Astros Night Out – Second annual successful event, about 50 residents attended, great fun, fun time by all.
 - National Night Out – Is coming up next Tuesday, October 1st. There are now 10 residents hosting “block” parties throughout the neighborhood. The KVCC is coordinating for a photographer to visit each party and they will be providing glow sticks for the kids. The KVCC encourages residents to get out, walk the streets and meet / socialize with your neighbors.
 - Christmas Decorating contest will be back again in December. We are looking for volunteers to help with the judging. Awards will be given out to top selected homes.
- 5) Volunteer Opportunities with the Civic Club
 - Social / Social Media
 - Newsletter – Finding companies to advertise , article collecting / writing
 - Deed Restrictions (ACC) – Review ACC submittals for remodels, new homes, etc.
 - Security Committee – Currently just 1 member. Primarily researches and writes quarterly report and manages Smith Security. Evaluate other security options as necessary
 - Officers:
 - 1) Secretary position will be open coming this January 2020.
 - 2) President, Vice President and Treasurer are all open in January 2021.

We encourage any interest parties to reach out for questions and / or to observe at board meetings and communications.

6) Financial Report Update – Laura Ferro

- a. 47% of the homes have contributed year to date.
- b. We are still ~\$4-5K short to meet expected expenses for the year. ~25 homes need to contribute to break even.
- c. Expenses have been observed to be slowly inching upwards over the last 2-3 years. Just about every line item has experienced increases to the point that 50% dues participation may soon result in dipping in savings to cover standard annual expenses.
- d. Discussed with residents that while expenses have been rising and we are growing increasingly challenged to break even, we have managed to continue to pad our savings in most recent years due to NRG nuisance payments. These payments are not a guarantee from year to year – current agreement is only through May 2020.
- e. Question was asked how residents would feel about a modest increase. Most said they think those paying now would continue to pay.
- f. It was stated if residents receive a benefit from the increase, it will be an easier sell such as increased or improved security.
- g. Residents asked what percent of renters are paying. Based on quick look, 72 of 98 rentals have not paid dues in 2019.
- h. Residents ask what means are used and how often are reminders sent to those who have not paid? Annual invoices go out early in the year and the 4 newsletters serve as reminders not only in President/Treasurer articles but also in the form of the Pay / No Pay report. Additionally, the Treasurer will also email residents that have not contributed 1-2 times throughout the year.
- i. Resident asked if we can change the DRs to make dues mandatory. We had a long discussion about the process and difficulty but acknowledge it's a possibility. KVCC would have to engage with the attorney to determine process and approach and additional volunteers would be needed. All approval signatures are required to be notarized and we would need 51% of the neighborhood to approve. This change may also result in the Civic Club becoming an HOA but that's another discussion that would have to occur with the attorney. Legal costs would be incurred.

7) Security Report - David Wood

- a. Only 6 reports in the last quarter
- b. None reported by Smith Security, will investigate if that is residents not reporting incidents to Smith or a lack of recording of reports by Smith.
- c. FLOCK – Michael Doyle and Scott Rose introduced a new possible security option that the board is in some early phases of investigating. It's a camera solution called FLOCK where cameras are placed at all entry/exit points throughout the neighborhood. The cameras and the system is a custom solution that is intended to integrate with the local police department. HPD is not currently integrated with Flock - -we see it as a likely showstopper without that. Nevertheless, the solution has the potential to provide tools for the police to catch the thief's by capturing license plates when they enter the neighborhood. There are additional benefits as well. The documented negatives is if it replaced Smith Patrols, residents would lose the ability to have Smith available for suspicious activity or solicitation calls. Vacation request would have to be performed by HPD or be relied upon by family, friends and neighbors. Reporting options needs to be investigated.

8) Miscellaneous Items

- NRG Park – Heads up – Next concert in Yellow Lot is Sat, Nov 10th. Details to be shared when the KVCC receives.

- Stella Link / Buffalo Speedway Bridge – still on schedule. Delays a few weeks ago was due to a bird nest in the area. Project will extend the bridge.
- CIP Project - M-410001-0001-3 PWE Westridge and Braes Terrace Storm Drainage – This project is currently planned for 2021. It will replace all storm drainage, streets, sidewalks and street lights on the west side of Buffalo Speedway in Knollwood, Westridge and BT.

9) Architectural Control Committee (ACC) Report – Parul Vyas

- a. Received 2 remodel submittals
- b. Still working with residents on a review of a new home construction design that was submitted as a 3 story which has a similar design as a beach house.

10) Open Discussion Q&A

- a. Resident asked about the container that has been sitting in the driveway of a home on Greenbush near Fairhope. It took some time previously but worked with the city for removal. It's been back awhile. KVCC will work on a letter to start the process again.

Meeting adjourned at 8:25p
