

Knollwood Village Civic Club
Minutes of the Annual Resident Meeting
Thursday, September 3, 2020 6:30pm

Attendance:

Scott Rose	Richard Graber	Christopher / Elizabeth Smith
Patty Sherborne	Sherry Dieckmann	Brian Knoll
Cheryl O'Brien	Don Mason	John Adams
Michael Doyle	David Juist	Claire Juist
Grant Heemer	Michelle Jarrell	Rebecca Day
David Meinert	Fred/Mary Silverstein	Bert Magh
Joe Powers	Cheryl Lonquet	David Fitts
Laura Ferro	Marisa Zapata	Antoinette Boecker
Brent Nyquist	Annie Fabio	Wanda Wosik
Val Papanyan	Hope Daus	David Wood
John Mosher	Fred Silverstein	Reed Hablinski
Bevin Barrett	Frank Tortorella	Mary Gay

Special Guest: Seal Security (Erica)

The Annual Meeting was called to order at 6:32 p.m. by Scott Rose, President

1. Introductions: Scott Rose introduced the Board Members and Officers.
2. Section 8 Proposed Amendment.
 - a. The Section 8 Proposed Amendment provides for a home that will fit within the volume created by a 12:12 pitch plane rising from 26 feet above the MFPE (Minimum Flood Protection Elevation). The maximum roof height is 36 feet above MFPE excluding chimney and roof vents. There are other provisions in the amendment but at a high level the revisions allow for a home up to 3 stories to be built but the height is limited to within 2 ft of the majority of newer homes that exist today. Current DRs do not have a height restriction.
 - b. Ballots for the Section 8 Proposed Amendment were sent out to all residents of Section 8. 62 Ballots were mailed and 52 were returned. 32 "Yes" votes are required to pass the amendment. Cheryl O'Brien and Laura Ferro (board members) volunteered to count the ballots. They opened the ballots, checked for resident status against the section 8 target list and counted them. The vote was 51 votes "yes" and 1 vote "no". The Amendment passed. This is the first ever known Deed Restriction change in the history of KVCC and the neighborhood. Special thanks to the work of Joe Powers, Reed Hablinski, Brent Nyquist and Scott Rose that took about 18 months to come to fruition.
 - c. Next steps: Document results in the meeting and submit them to the KVCC attorney so they can be filed with the County Clerk's office. An update will also have to be made to the KVCC ACC Build process online to show the new deed restriction for section 8 (once filed).

3. Financial Report:

- a. 310 homes have paid 2020 dues for a total of \$58,896. That is 50% of homes which matches last year's collections and we have 4 months remaining in the year. Reminders will be sent to owners that have not contributed earlier this year in hopes that some will pay.
- b. Legal expenses were the biggest expense overage to date which is mostly due to an KVCC ACC lawsuit. Also, the Security line item was mentioned, while under budget now, will start to show an overage after the next payment which is expected due to the decision to change Security patrol vendor mid-year. The overage is available in the checking account so we will not need to dip into the actual savings account but any dues contributions between now and end of year will help us be less in the red.

4. Security Report

- a. We changed security companies to SEAL Security back in May. Due to an incident where a homeless man vandalized multiple cars in one evening, KVCC has increased night shifts to show more of a presence. We did not have a patrol that night but SEAL sent over a unit briefly from Old Braeswood neighborhood to investigate which we were pleased to hear. The officers were unable to catch him, but he has not been back in the neighborhood to our knowledge.
- b. SEAL puts out a monthly summary which is published in our newsletter. The numbers for last month are slightly skewed because of the one-man crime spree. A homeless man broke into several cars and caused damage. 110 calls over the first 4 months have been made to SEAL for various needs from suspicious activity, to incidents, to solicitors and vacation watches.

KNOXWOOD VILLAGE HOTLINE 743.554.5757

- c. Erica, from SEAL, attended meeting, she shared SEAL's services and was available for questions.

5. ACC report

- a. Joe Powers reported on the ACC committee. They have put in a great deal of work on the Section 8 Resolution.
- b. A homeowner had a question about fence heights in Knollwood Village. Knollwood ACC does not have any restrictions regarding height of a fence, however, the city of Houston limits the height for 8 feet. Anything over that must have an engineering study done.

6. Social Committee

- a. Bevin reported on the plans for a Halloween decorations contest. There will be gift cards awarded for best decorated and other categories.
- b. The National Night Out on October 6 may not be observed this year due to Social distancing. More information will be forthcoming.
- c. The Christmas decorating contest will continue this year as well.

7. Opportunities with Knollwood Village

- a. The ACC always looking for Residential and Commercial Architects and Designers to help with the committee. If you are interested in helping with this committee, please contact Joe Powers.
- b. The newsletter is published several times per year. Articles about the neighborhood are welcome and help is always needed for proofreading and advertisement sales.
- c. Security committee members are also needed.
- d. Our President, Scott Rose, is stepping down after this year. He will continue to work on the newsletter and serve on the Board, but he has other duties he would like to make time for. If you are interested in serving as the President, or if you know someone who would be good, please let Scott know.
- e. Our Treasurer and Vice-President volunteers' terms are also up come January. Both also plan to stay on the board but the positions are available for new residents interested. Laura Ferro is our Treasurer and is willing to serve again on a year by year basis unless someone is interested in taking her place.

8. Braeswood Super Neighborhood.

- a. The Stella Link Bridge is now open, but they are still working under the bridge. They are also working on the hike/bike trail along the bayou. There will be a BiCycle station at Lookout Court and Braeswood. It will have a 14-foot-wide bridge that will cross the bayou and continue to the Medical Center area where people can leave the cycles and ride Metro downtown. It will be very attractive, and should encourage people to use the area.
- b. The Buffalo Speedway Bridge work will begin after the work under the Stella Link bridge is completed. The Buffalo Speedway Bridge will take about a year to complete since it is a single bridge and not divided into two

Meeting was opened for questions from those in attendance on any topics not yet covered.
Scott adjourned the meeting at 8:16p.

Respectfully submitted:
Patty Sherborne
